Background:

The Lake Ralph Hall project will encompass potentially up to 13,000 acres impacting several State and County roadways. CP&Y, Inc. (CPY) was engaged to evaluate these roadway impacts and determine which roads are to be abandoned or relocated and prepare conceptual designs. This effort has been completed.

Representatives from the consulting team and staff will present an overview of the impacts and recommendations, as well as, present the conceptual design of the new State Highway 34 Bridge that will span Lake Ralph Hall and connect the north and south sides of the lake.
