

Position Announcement

Position: Electrician

Date Officially Opened: 10-12-11

Hourly Starting Salary Range: \$18.11 to \$23.67 (DOQ)

Direct Supervisor: Maintenance Superintendent

Department: Operations

Section: Maintenance

Position Function: Performs assigned duties as necessary to inspect, troubleshoot, repair, construct, retrofit and otherwise maintain electrical systems and related equipment for the District's water and wastewater treatment systems and other facilities.

Typical/Essential Duties:

- 1) Inspects, troubleshoots, repairs, and otherwise maintains electrical systems for water and wastewater treatment plants, meter vaults, lift stations, pump stations, storage tanks, and related facilities. Duties include maintenance and repair of medium-service electrical systems, switchgears, transformers and related equipment.
- 2) Performs general facility/building electrical maintenance, to include repair and maintenance of lighting, battery back-up, security, and HVAC systems.
- 3) Constructs and retrofits electrical systems as part of, or in conjunction with, new construction or existing building/facility modification.
- 4) In accordance with applicable electrical standards and requirements, performs preventative maintenance on electrical systems as needed or required to ensure consistent and reliable operation.
- 5) Performs additional duties as assigned.

Knowledge, Skills and Abilities:

Work requires specific knowledge, experience and skills of a vocational or technical nature. Knowledge, experience and skills may be obtained through the completion of four years of high school resulting in the receipt of a High School Diploma or GED equivalent, and the completion of various college, vocational or technical programs related to the field of electrical repair and maintenance. At least two (2) years of specifically related experience working with water or wastewater utility, municipal or industrial electrical systems is required, with three (3) to five (5) years of experience preferred. A Master or Journeyman Electrician License issued by the State of Texas is required. Must have the ability to read, analyze and understand related technical manuals, blue prints, schematics and construction plan documents. Must possess a valid Class C Texas Driver's License. Must be able to pass applicable pre-employment Drug Screen, Physical, and Background and Credit Checks.

Applicants are required to complete and sign an employment application to be considered. For instructions on how to apply, the application process and an application, please visit www.utrwd.com. Position is considered "Open Until Filled."
